BACK PANEL - Weeks Cajun Wasp & Hornet Killer

**GIVES FAST KNOCK-DOWN AND CONTROL OF HORNETS, WASP, BEES AND
YELLOW JACKETS**

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For Outdoor and Indoor Use: Read entire label. Use strictly in accordance with label directions.

Most bees and wasp are beneficial : However, when their nests are built too close to windows, doorways, or children's play areas they may be dangerous and should be killed.

User should always use this product with the wind at the user's back. To prevent insects from falling on skin or clothing, do not stand directly under nest during application.

SHAKE WELL BEFORE USING

TO KILL WASP, HORNETS, BEES, AND YELLOW JACKETS: Point valve away from face and press button. Hold can at least 3 feet away from the surfaces to be sprayed. Apply in late evening hours when all of the insects have returned to the nest. Remove protective cap. Hold container in upright position to spray. Aim valve opening at nest, hold at arms length and depress button, soaking the entire nest with spray. Spray jet will reach nests up to 20 ft. above ground. Repeat as necessary. Do not use as a space spray.

Wait 30 seconds, then remove nests using a stick or broom handle. Crush insects and nest and place trash collection.

STORAGE: Store in a cool, dry place (preferably locked) inaccessible to children and pets and away from heat, sparks or open flame.

DISPOSAL: Replace cap. Wrap container in several layers of newspaper and discard in trash. Do not incinerate or puncture.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS**

CAUTION: Avoid contact with eyes. If in eyes, flush with plenty of water. Contact a physician if irritation persists.

PHYSICAL OR CHEMICAL HAZARDS

Flammable. Contents under pressure. Do not use or store near fire, sparks or heated surfaces. Do not smoke while using this product. Do not spray toward electrical equipment. Do not puncture or incinerate container. Exposure to temperatures above 130 degrees F. may cause bursting. Incineration of container may cause explosion.

Weeks Cajun Wasp & Hornet Killer is manufactured according to high quality control standards and is warranted to be free of manufacturing defects. Defective material called to our attention within one year will be replaced.
